

[More about Lenovo](#)

What Lenovo do

At Lenovo, innovation is key, it flows through every aspect of their products, from the smartphone in your pocket to the servers in your data centre. And Beyond! Lenovo provide smart devices and are known for their PC innovation and quality. Providing an ecosystem of smart devices, services and applications powered through the data centre, Lenovo helps people connect to what really matters.

Lenovo Solutions

Laptops and PCs

Your laptop is your biggest gateway to the online world and beyond, when it comes to PCs Lenovo priorities;

- Performance
- Ultra-portability

- Value
- 2 in 1's - part laptop, part tablet

The ThinkPad Business laptops set the standard for business computing. Tough as nails and reliable, these laptops and 2 in 1's keep you productive in any environment. Give you the tools you need, from high-end processing and graphics to cutting edge touchscreen technology, from pen support to epic battery life, ThinkPad keeps you productive and engaged wherever you are.

Storage

Count on Lenovo for enterprise-grade storage solutions. Lenovo products adapt to your growing environments, fit into your existing budget, and ensure data is ready when you need it.

- Scale storage seamlessly in a flash with ThinkSystem DM Series
- Accelerate data with unmatched value using ThinkSystem DE Series
- ThinkSystem DM Series provides unified scale up/scale out flash storage solutions for your most demanding enterprise workloads
- ThinkSystem DE Series provides industry-leading price for performance with always-on reliability to handle diverse workloads

Servers - The heart of the data centre

Drive your business forward with a server that matches your needs. Reduce costs and complexity by investing in a system that handles today's workloads and expands to accommodate future growth.

affordable performance that readily handles heavy-duty workloads from AI to mission critical SAP HANA deployments.

The 2U/2P ThinkSystem is designed for exceptional performance and flexibility, with the storage and memory capacity to grow your business needs.

Networking

High-performance ethernet and converged networking switches offer great value. Scale your business with Lenovo networking switches that are built for modern data centres.

Get on-demand scalability and flexible port mapping for dynamic configuration of active ports in these industry standard ports, which offer simple interoperability with existing networks
